Turnkey Service

Too busy? Schedule full-service assistance from our experts. We'll do it all from start to finish.

Invest in proper implementation:

- ✓ Ensure best practices
- ✓ Optimize configurations
- ✓ Minimize future disruptions
- ✓ Enhance security posture

Our certified service engineer will deploy and implement your Kaspersky solution, adhering to best practices from knowledge gathered in delivering thousands of engagements to customers of various sizes and industry types.

We'll create a complete service experience that's tailored to your specific needs.

How it works:

1. **Discuss goals and objectives** with your Kaspersky team.
2. **Approve customized plans** including architectural assistance.
3. **Schedule service at your convenience:** onsite or offsite—during work or after-hours.
4. **Enjoy start-to-finish service** from our experts. We'll handle as many details as you'd like.

There's no better way to ensure proper cybersecurity while you focus on your business.

***Please note:** This service applies to all Kaspersky business products and features.*
